2. Online Trade file Installation guide

Installation Steps of Online Trade file application

PREREQUISITES:-

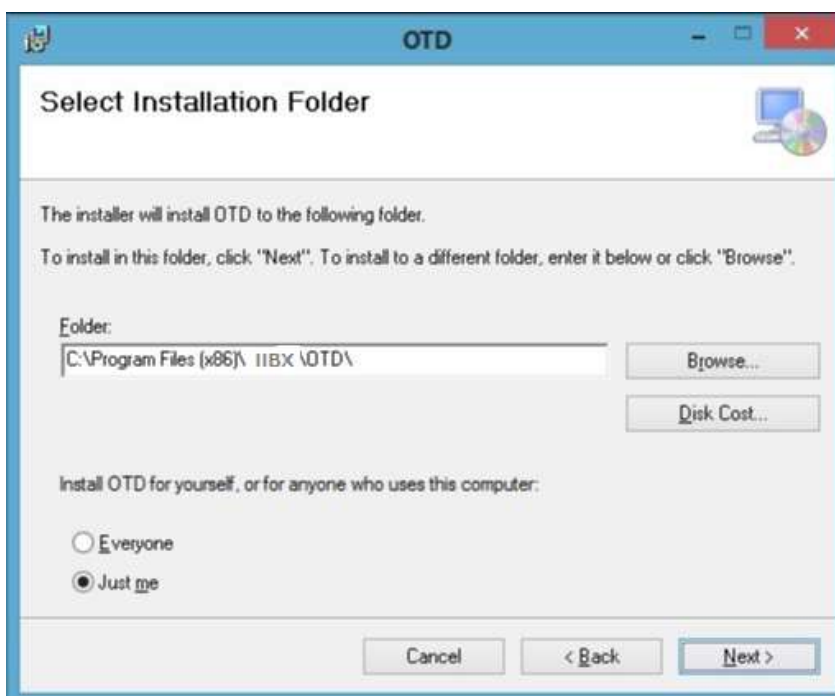

.Net Frame Work 4.0 and above.
Internet connectivity on the machine
512MB RAM and above

STEPS:-

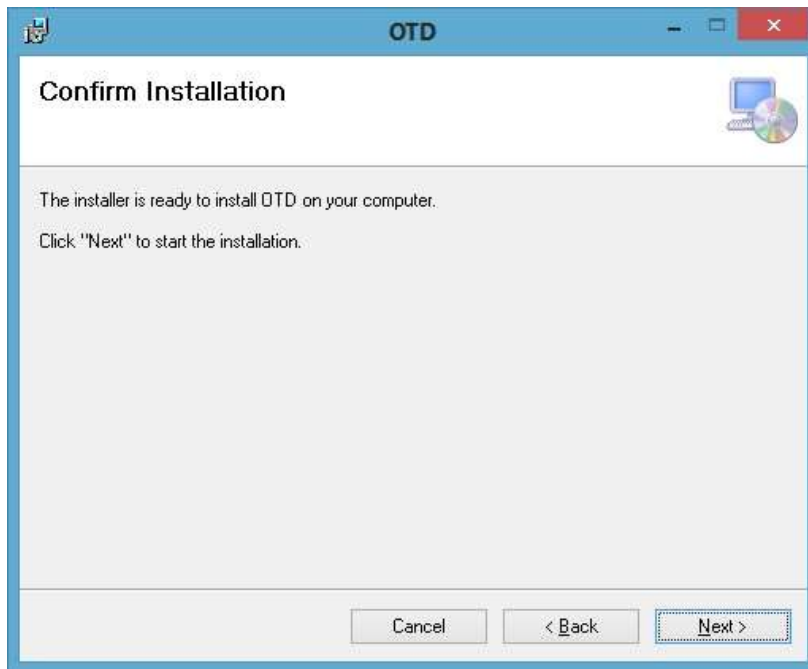

Download the Online trade file application available on following link: -
<https://www.iibx.co.in/> -->Technology & Services --> User Manual For IIBX Online Trade Download (OTD)
Double click on setup.exe (otd->otd->release->setup)
Click on next button during the installation process
Exe will be installed on default path C:\PROGRAM FILES\IIBX\OTD\OTD.EXE or provided path during installation
Once setup is completed you will get quick icon 'OTD' on Desktop

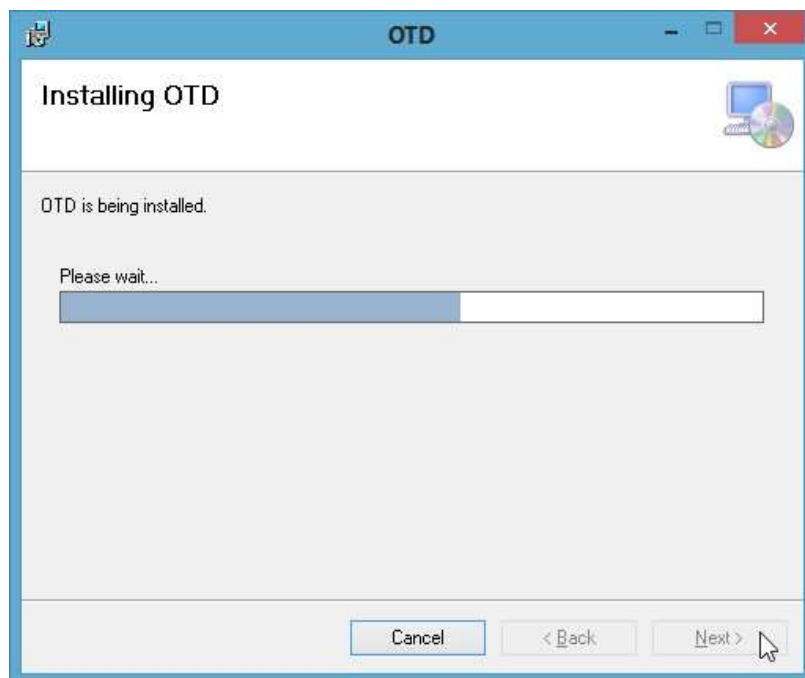

- Click on “next” to install the application on the machine. Is shown below.

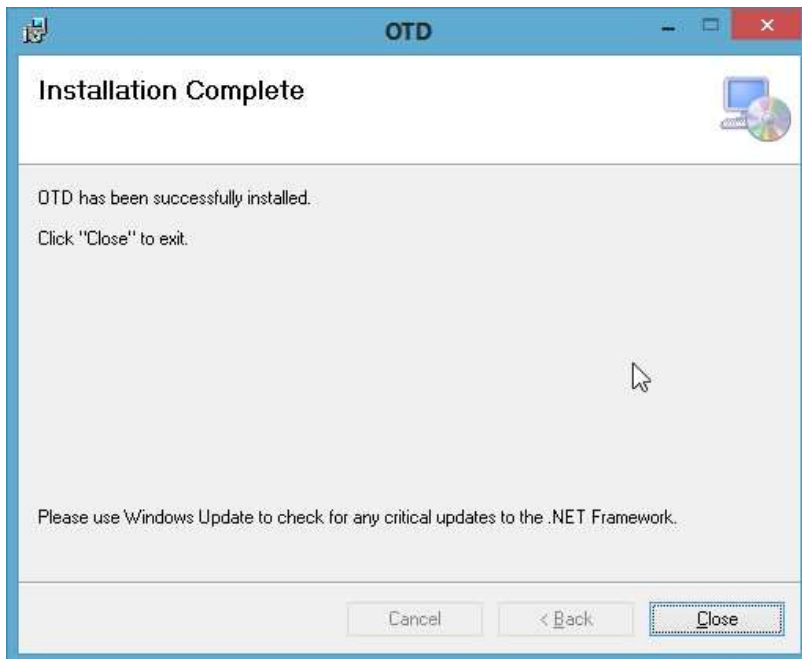

- On clicking on “Next” the following screen is displayed.

- Click "Next"
- The next screen available to the member states that "OTD" is being installed as shown below

- Once “OTD” has been successfully installed into the system, the following screen appears

- Click on “close”
- The member can view a quick icon "OTD" on desktop.
- If User Credentials are matched, then following screen will be displayed indicating that connectivity has been established.

- In case of incorrect user credentials, following screen will appear.

- When user clicks on “Delta Download” option OTD set-up creates back-up of existing trade file and new trade file is generated in same folder.

3.How to use Online Trade file

- A.** Trading member to e-mail requested detail mentioned in point 1(A) to trading.operations@iibx.co.in.
- B.** Once the necessary mapping is completed members is provided configuration file (settings.ini) from Exchange, which needs to be copied within the OTD folder where 'OTD.exe' is installed.
- C.** User to click on 'OTD.exe' installed in his machine which will be connected to Exchange with message '**REMOTE SERVER STATUS: CONNECTED WITH REMOTE SERVER**' and auto Trade file generation will start.
- D.** The online trade file shall be generated in CSV format in the same folder where OTD.exe is present.

- Values provided in settings.in file by Exchange

INTERVALFORSENDATA=30
MEMBERTYPE= (CM / TM)
1=IIBX

```

For File Format please refer <https://www.iibx.co.in/> -->Technology & Services --> Test Environment Setup

DO's and DON'Ts

- A. Users should not keep online trade file open else auto updation of Trade file will not happen.
- B. To view trades, user should copy trade file from OTD Folder and save the trade file in different location. It is recommended to take the copy of file rather than reading file directly from the location where we are writing data in file.
- C. Do not close OTD.exe once the online trade file is downloaded. If OTD.exe is closed, auto updation of trades in online trade file will not happen.
